

ESI Technologies Group, part of the Indutrade Group, is the leading supplier of Process Equipment & Engineering Solutions into the Pharmaceutical, Chemical and Biotechnology Industries in Ireland & UK. The continued expansion of our Irish and UK Sales Operations has resulted in the requirement for the following position:

Cleanroom Operative – ESI Technologies Ltd

Reporting to the Cleanroom Lead, this position will be based in our Cork Headquarters located in North Esk Industrial Estate, Dunkettle, Co. Cork.

This is a permanent role incorporating responsibilities for the handling, assembly, inspecting & packaging of assemblies from our Life Science portfolio.

Duties of the Role include:

- Work in an ISO Class 7 cleanroom environment and adhere to strict gowning instructions, and quality requirements.
- Follow detailed assembly instructions, processes, and procedures to correctly assemble Life Science tubing assemblies.
- Use tools and equipment to complete assembly to exact specification, and in a timely fashion following works order instructions and drawings.
- Identify & report problems with quality, processes, equipment, or materials to relevant member of reporting structure.
- Complete related tasks with minimal supervision.
- Ensure that the appropriate safety guidelines including the use of personal protective equipment are adhered to.
- Rotating 2 Shift Rota (6am to 2pm) and (2pm to 10pm) Monday to Friday.
- Adherence to companies ISO 9001 Quality, and Health & Safety procedures.
- Maintain a clean and organized work area to facilitate assembly & inspection function.

Ideally the candidate would possess the following skills/experience:

- Leaving certificate or equivalent.
- Very good manual dexterity skills.
- Work experience in a clean room/manufacturing environment is preferred.
- Excellent attention to detail and organisational skills.
- Excellent interpersonal/communication skills.
- Willingness to be flexible, team oriented and open minded to new processes or changes in direction.
- An innovative & positive can-do approach to work.
- Flexibility to work overtime as required, to ensure that customer-based timelines, and continuous are processes are achieved.
- The prospective candidate must be able to demonstrate a professional approach, self-motivation in completing assigned tasks, and must be willing to update their skillset in the company's core business areas.
- Full driving License.

This is a great opportunity for an organised & motivated person, interested in developing their skill sets by joining our fast-growing Life Science team, within a well-established business, with a focus on supporting our Irish & UK operations.

Remuneration package is commensurate with experience.
